Remarks			

# MATERIAL

## DRYMASTER-X

Waterproof 20,000mm, Breathable 10,000g/m<sup>2</sup> (tested A-1) This membrane doesn't accept water to sink into the material/ Always keep you dry and comfortable.

## DRYMASTER

This RS TAICHI original material is high functional material with waterproof by laminated special polyurethane, and breathable by special molecule structure.

## Schoeller® keprotec®

The aramid-fabric with space technology. Five times stronger than steel, gram for gram. Extremely tear and abrasion resistant. And heat-resistant and durable material.

## Schoeller® Dynatec

The functional protective fabric with excellent tear and abrasion resistance.

## Schoeller® Dynamic

Superior stretch material for ease of movement and keep shaped fit. Excellent tear and abrasion resistance.

## 3M Scotchlite™

Helps you to be seen at dawn, dusk, or night, in all weather conditions.

## Teflon® HT

This is care products protect virtually all kind of fabric from water, dirt and stains without affecting color, and it can gives long-time maintain conditions.

## T-DRY

RS TAICHI original material made for motorcycle gear. T-DRY will absorb moisture (more than two times faster compared to cotton) and dry quickly to keep comfort inside the gear.

## T-DRY FIT

T-DRY FIT yarn absorbs moisture better than ordinary polyester yarns. It absorbs perspiration and keeps it away from the skin. Dries fast and prevents that "sticky" feel. The secret of this function is in it's unique shaped filament. Dries 1.3 times quicker than previous product.

## MICRO QUBIC®

"MICROQUBIC®" is made by soft touch microfiber and is two times breathable and quick wick compared to cotton. Less stickiness provides comfortable sporting.

## Clarino®

Highly durable synthetic leather provides great feel to touch for the palm of glove. Soft, good grip and machine washable.

## CE

Protection and protector that are CE certificated have met the strict performance standard and requirement of the European union.

## Boa

Innovated Boa Lacing System provides custom-comfort with smooth, even closure and no pressure points. Boa was designed to address the long list of deficiencies found in traditional closures and delivers the following benefits completely foreign to traditional shoe and boot laces, buckles, ratchets, Velcro straps, and other closures of yesteryear.

## mcFit

One layer fitting and Superior firm grip. Former waterproof gloves were stiff in the finger tips because the liner, waterproof membrane and outer shell was sewn together in the fingertip. mcFit will not sew together the liner, waterproof membrane and outer shell, but instead, fix these layers with patented adhesive tape. By this new technology, fitting and touch in the fingers has been particularly improved.

## TIPS (Taichi Impact Protection Slider)

Protection slider on shoulder, elbow, knee, sleeve to reduce the friction between the pavement when crashing and reduce the impact to the rider. (area differs by model)

## KaRVO

KaRVO is self-reinforced 100% polypropylene composite offering extraordinary levels of impact resistance, light weight and high stiffness.

## Out Dry®

OutDry® technology the membrane is firmly bonded to the inside of the upper and there is no possibility of creating extra space. The footwear remains water-free, lightweight and breathability is maintained.

## TECCELL

TECCELL is a lightweight honeycomb core material. Compared to any other structures, TECCELL honeycomb panels are characterized by an excellent high specific strength and rigidity.

# FUNCTION

## WATERPROOF / BREATHABLE

In addition to the waterproofness, breathability keeps the inside dry by passing through the water vapor.

## WATERPROOF

Waterproof to keep you dry in wet weather.

## SMARTPHONE COMPATIBLE

You can operate the smartphone without taking off your glove.

## REFLECTOR

Increase visibility | nighttime by reflecting the light from other vehicle.

## 360° REFLECTOR

Reflector on shoulder, chest, back and elbow to increase visibility from every direction.

## WOMEN'S SIZE

Women's size in lineup. Women's cut to fit women's body.

## CPS CHEST PROTECTOR BASE SYSTEM

Common system to add optional chest protector to the jacket.
